

# 3rd Proton Mass Workshop; Origin and Perspective

## Friday, January 15, 2021

### Friday Morning (10:00 AM - 1:00 PM)

-Conveners: Jianwei Qiu

time	[id] title	presenter
10:00 AM	[22] Protons in Perspective	Prof. SHIFMAN, Mikhail
10:25 AM	[23] Insights into hadron structure from superconformal light-front holographic QCD	Prof. DE TERAMOND, Guy
10:50 AM	Coffee break/Discussion	
11:05 AM	[24] The physical meaning of the various mass decompositions	Prof. LORCÉ, Cédric
11:30 AM	[27] Energy-Momentum Tensor form factors for QED, a one-loop example	Mr RODINI, Simone
11:55 AM	[26] Mass sum rules for the proton	Prof. METZ, Andreas
12:20 PM	Discussion and short contributions
