

Session Program

Jun 29 – 30, 2026

2026 ATLAS strategic plan workshop

Possible new initiatives and programs

Argonne National Laboratory, Building 203, Physics Division

Mon, June 29

10:40 AM

Possible new initiatives and programs: Possible new initiatives and programs

Session | **Location:** Auditorium | **Convener:** Andrew Rogers

10:40 – 10:50 AM HELIOS relocation

Speaker

Benjamin Kay

Location

Auditorium

10:50 – 11:00 AM Gammasphere at Area 1

Speaker

Michael Carpenter

Location

Auditorium

11:00 – 11:10 AM GRETA at ATLAS

Speaker

Heather Crawford

Location

Auditorium

11:10 – 11:20 AM Coulex factory

Speaker

Timothy Gray

Location

Auditorium (online speaker)

11:20 – 11:30 AM Argonne Decay Station

Speaker

Claus Mueller-Gattermann

Location

Auditorium

11:30 – 11:40 AM Low-energy beamline behind AGFA

Speaker

Dariusz Seweryniak

Location

Auditorium

11:40 – 11:50 AM Storage ring for n-capture

Speaker

Guy Savard

12:10 PM

Location
Auditorium

11:50 AM – 12:00 PM **Reaccelerating beams from N=126 factory**

Speaker
Guy Savard

Location
Auditorium

12:00 – 12:10 PM **Laser spectroscopy**

Speaker
Bernhard Maass

Location
Auditorium
